

## Love Him

Doris Day

Love him  
And tell him each day  
That boy needs to know  
Tell him so  
Tell him everything I couldn't say  
Like he's one  
And he's sweet and he's mine forever  
As I should have done

Hold him  
And show him you care  
When his world is blue  
See it through  
Anytime that he needs you  
Be there, by his side  
Be the girl that I couldn't be  
And love him  
Love him for me
