

Stay with the Happy People

Doris Day

We've got to stay with the happy people
Have your fun, live in a land of joy
Stay with the happy people
Face that sun, life is a Christmas toy

Down through the endless ages
Tears have been contagious
So take it from me
That misery is looking around for company

So stay, stay, stay with the happy people
Don't wrinkle your brow
It's strictly out of style
Just stay with the people who love to wear a smile

When old Mr. Grouch sat on his couch
And told me that the end of the world was near
My happy heart
Rose with a start hollerin' "let's get out of here"

Oh, don't wrinkle your brow, it's strictly out of style
Just stay with the people who love to wear a smile
Just stay with the people who love to wear a smile
You gotta stay with the people who love to wear a smile
