1000 Years

Doro

It took a 1000 years to love you
A 1000 years apart
A 1000 years to bring you to my heart
A 1000 years of battle
A 1000 years of war
A 1000 years have made me want you more

A 1000 years I held on
A 1000 years of hope
In a 1000 years I never let you go
A 1000 years of thunder
A 1000 years of rain
A 1000 years to hold you once again

It took a 1000 years to love you
A 1000 years to rock
A 1000 years to bring you to my heart
A 1000 years of battle
A 1000 years of war
A 1000 years have made me want you more

As enemies we were born
Divided deeply torn
With borders all around us
When hatred will be gone
We will carry on
Forever and ever

It took a 1000 years to love you
A 1000 years to rock
A 1000 years to bring you to my heart
A 1000 years of battle
A 1000 years of war
A 1000 years have made me want you more

It took a 1000 years to love you
A 1000 years to rock
A 1000 years to bring you to my heart
A 1000 years of battle
A 1000 years of war
A 1000 years have made me want you more

Want you more
Want you more
Want you more
Want you more
I want you more
