

Bastardos

Doro

Bastardos!
Bastardos!
Bastardos!
Bastardos!
Bastardos!

A lotta changes, I hope for tomorrow
A lotta turmoil, I see only sorrow
I wanna change it and turn it around
And look what I found
So many people feel just the way that I do
They have a good heart and know that they're real true
Oh, deep down everyone and everybody knows
You gotta act, that's the way it goes

Can you feel it up in the air?
Can you see it everywhere?

Till all bastards are gone we keep fighting
Till all bastards are gone we're united
Till all bastards are gone we keep moving
Till all bastards are gone we keep just holding on
We gotta be strong
We gotta hold on
We gotta move on, move on, hold on

We fight for justice
We're fighting forever
We're standing up and we're standing together
We're speaking up, yeah we know what is wrong
Yeah, we grew strong

Can you feel it up in the air?
Can you see it, is anyone there?

Till all bastards are gone we keep fighting
Till all bastards are gone we're united
Till all bastards are gone we keep moving
Till all bastards are gone we keep just holding on
We gotta be strong
We gotta hold on
We gotta move on, move on, hold on, hold on

Bastardos!
Bastardos!
Bastardos!
Bastardos!
Hold on, hold on

We keep fighting
We're united
We keep moving
We keep just holding on

Bastardos!
Bastardos!
Bastardos!

Bastardos!
Bastardos!
Bastardos!
Bastardos!
