

# Blood, Sweat and Rock 'N' Roll

Doro

Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go  
Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go

When my heart isn't feeling all right  
And I feel that I'm barely alive  
I need it loud to let it out  
On my own I can hardly survive  
And I need you to see me tonight  
To get it out and turn it around

Feels so good with my friends by my side  
And you know you're in good company  
And you know that the time and the timing is right  
And we all will scream and shout

Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go  
Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go

Since the day I was born I've been trying  
To unite all the people who like to feel this fire  
And be on fire  
I travel hard, travel hard to align  
All the spirits who feel just alike a deep desire  
And feel this fire

Nothing else in this world's even close  
To the feeling I get rocking out  
Nothing more that I want just hearing the sound  
Of my band just playing it loud

Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go  
You want blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go

Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go

I'm the one who will tear up the night

I'm the one you can trust any time  
All for one, one for all, it's the time of your life  
And we all will stand up and fight

For blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go  
You want blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go

Blood, sweat and rock'n'roll  
Blood, sweat for your soul  
Blood, sweat and rock'n'roll  
You know that's the way to go
