

# Drive Me Wild

Doro

Whoa  
Oh

Some days I feel so low in that rat race  
I cannot show you my real face  
I gotta work and get through  
But one day  
I know you'd save me and take me  
To places where I can be free  
Just be myself and let go

Drive me wild  
Rock it all night  
Rock me harder, blow my mind  
Rock it tonight

It's a long way  
To be free and meet somebody  
Who will treat you with real love  
Has power, fire, respect

Rock me wild  
Rock it all night  
Rock me harder, blow my mind  
Rock it tonight

Drive me wild  
Feel so alive  
Let's just rock until daylight  
Rock it all night  
Rock it all night

You drive me crazy good  
You drive me wild  
Rock it all night, till daylight  
Feel all right

Rock me wild  
Rock it all night  
Rock me harder, blow my mind  
Rock it tonight  
Drive me wild  
I feel so alive  
Let's just rock until daylight  
Rock it all night  
Rock it all night  
Rock it all night  
Just drive me wild  
I feel so alive

When I feel lost, I run into your arms  
And then I'm hopeful even in the dark  
And when I know you feel it in your heart  
It is more than a moment, it means so much

Rock me wild  
Rock it all night

Rock me harder, blow my mind  
Rock it tonight  
Drive me wild  
I feel so alive  
Let's just rock until daylight  
Rock it all night  
Rock it all night  
Oh, you drive me crazy, girl  
And drive me wild all night, every night  
You're wild, rock it all night
