

# Heavenly Creatures

Doro

So easily hurt, we're sharing this world  
This planet, this Earth  
I'm losing no hope  
I'm praying to God, it's all good  
I'm digging so deep, I will find the answer  
I hold on to you, love

Heavenly creatures  
Our light in the darkness  
They're sacred and divine  
They will be our strongest allies  
And heavenly creatures  
Will be there forever  
They touch you so deep inside  
They're with you and sacrifice their lives for, for you

Since I found love  
Never give up this feeling of hope  
A shot in the dark is reaching my heart  
It's so true  
I'm digging so deep, I will find the answer  
I hold on to you, love

Heavenly creatures  
Our light in the darkness  
We're finding a better way  
To live and protect each other  
With heavenly creatures  
Our light in the darkness, oh  
They're sacred and divine

Heavenly creatures  
Heavenly creatures

It's still in our hands  
We're finding an answer  
I hold on to you, love

Heavenly creatures  
Our light in the darkness  
We're finding a better way  
To live and protect each other  
With heavenly creatures  
Will be there forever  
They touch you so deep inside  
They're with you and sacrifice

Heavenly creatures  
Heavenly creatures  
Our light in the darkness  
Heavenly creatures, oh  
Heavenly creatures  
They're heavenly creatures  
Sacred and divine  
They will be our strongest allies  
Heavenly creatures
