

# I'll Make It On My Own

Doro

You look at me  
Filled with sadness in your eyes  
But this should come as no surprise  
It's what I have to do  
Was never right  
'Cause someone else belongs to you  
I'll say good-bye  
It's what I have to do

Yeah my heart may break  
That's the only chance for me to take  
And if tears should fall  
They will wash away and hurt me no more  
I'll make it on my own

Don't search for me  
Don't try to call  
Don't try to take me back  
It's time I move on

I'll be all right  
Yeah I will be strong  
I guess we could have run away  
But I'm better off alone

[Chorus: Repeat 4X]  
Yeah my heart may break  
It's the only chance for me to take  
And if tears should fall  
They will wash away and hurt me no more  
I'll make it on my own
