

# Lean Mean Rock Machine

Doro

Yeah, it's a lean mean rock machine  
A lean mean rock machine  
A lean mean rock machine  
The baddest one you've ever seen, rock machine

I got this bike, straight out of hell  
By the speed of light, it runs so well  
I've got this bike, I love it so much  
I'm gonna kill you if you get in touch

Yeah, it's a lean mean rock machine  
A lean mean rock machine  
A lean mean rock machine  
The baddest one you've ever seen  
Yeah, it's a lean mean rock machine  
A lean mean rock machine  
A lean mean rock machine  
The baddest one you've ever seen

I've got this bike, it turns me on  
When I hear the sound, I feel so strong  
You are my kind, it will explode  
Baddest motherfu- I've ever rode

Yeah, it's a lean mean rock machine  
A lean mean rock machine  
A lean mean rock machine  
The baddest one you've ever seen, rock machine  
Rock machine  
Rock machine  
Rock machine

Yeah, it's a lean mean rock machine  
A lean mean rock machine  
A lean mean rock machine  
The baddest one you've ever seen, rock machine  
Rock machine  
Rock machine
