

Turn It On

Doro

When he was young, he was a rove
He always listened to the radioshow
But then the factory took over
And now he is down and out
Out!

Hey you!
Make it right
Step into the light
Don't stay home tonight
Hey, you better get out
You need somebody lovin' you tonight
Somebody riding high with you tonight
You need somebody make it right

Hey, turn it on!
Turn it on the sound of the dark
Turn it on
Just turn it on

So many dreams are growing colder
The world is turning faster day by day
So many people getting older
And soon they are out
So down and out
But we play it loud

You got to stay hungry, man
Don't let nobody tell you
What to do with your life
What to do with your life
