

Victory

Doro

I smell a victory
I smell a victory
Never give up
Say you never slow down
Never stop fighting
Till you got the crown
The battle is tough
But it's never ending
Till you lift up your hands
And claim you're number one
I smell a victory
I smell a victory
And it smells good
And it smells good
And it smells good
And it smells good
Gonna get to the top
No matter what it takes
Gotta give it my all, even if I fall
Gonna keep on my path
No, I can't see the end
Gonna scream at the darkness
Gonna fight till the end
Hey, second is good
But it's never the best
So continue to strive
And never settle for less
When the time is just right
And you're on top of the game
Just show the whole world
That you're second to none, yeah
