

Warlocks And Witches

Doro

I'm searching for wholeness, I'm leaving all evil
I try to survive on the wisdom that made me strong
I'm running from darkness, it seems that it's endless
I'm trying my hardest, but I'm just fearless

Warlocks and witches, warlocks and demons
Warlocks and witches will always surround me
Warlocks and witches, that's where I came from
Not gonna run from, no I wanna be strong
Warlocks and witches, warlocks and demons
Is all that I could see on my way to be free
