

Wildfire

Doro

Like wild wild wildfire
Like wild wild wildfire
Like wild wild wildfire
Wild wildfire
We fear - no law
We're here and wanting more
We've found away
That rules above the law
Our motive is true and needs no limit too
Our fire is fuel
You'll see us coming through
Like wild wild wildfire - no fear no law
Like wild wild wildfire - no fear no fear no law
Wild wild wildfire
Got enough chaos
Got enough of this mess
No more politics that'll get us sick
No more of this idiots
We care and hold on
To what is true and strong
No fear no law and no wrong
Can stop us moving on
Like wild wild wildfire - no fear no law
Like wild wild wildfire - no fear no fear no law
Wild wild wildfire
Like wild wild wildfire
Like wild wild wildfire
Wild wild fire
Got enough chaos
Got enough of this mess
No more politics that'll get us sick
No more of this idiots
We care and hold on
To what is true and strong
No fear no law and no wrong
Can stop us moving on
Like wild wild wildfire - no fear
Like wild wild wildfire
Like wild wild wildfire
Wild wild wildfire
Like wild wild wildfire
Like wild wild wildfire
Wild wild fire
