

# Gotta Go

Dorrough

That's when you suppose to hold it down  
Let's just keep it real

We both know dat it's cold and it's the rules to the game  
You gon come for the sun then leave when it rain  
I gotta grind thru the storm gotta grind thru the pain  
I Ain't got time for the love if the love in vain  
I gotta go gotta go gotta go gotta go gotta go  
Unless you gon add to me when I'm low  
Unless you gon ride for me just know  
I gotta go gotta go gotta go gotta go gotta go

Girl ima tell you right now  
I gotta whole lot going on  
Ain't no way you gon be number 1 priority  
(I'm on my grizzly grizzly)  
I know you see the motion and you want in  
But are you willing in the work that it take to be apart of it  
(I don't think you really with it)  
See the grind need time to merinate  
But in between time when it don't look like too much of nothing happening  
(That's when you suppose to hold it down)  
But 9 times outta 10 that be the exact moment you decide to take the easy way out  
(So let's just keep it real)

And yea I know you see a lifestyle that u  
Probably wanna compliment  
And It ain't no problem with that at all  
(But girl just no u gotta)  
Bring something to table  
That's gon help keep it up and stable  
I been dolo with it I been working like a dawg  
(You gotta understand)  
I'm getting to it but it's still a hustle  
Ima go and get it one way or another  
If u riding for me make the ride better, & fasho  
(Girl u gon have to hold it down)  
If u switch up I ain't tripping  
I'll never let a situation with a woman knock me off my grind  
(Let's keep it real)
