

Ah, shit, it's a nice day outside  
Think I'm a take a roll around the neighborhood  
Let's go, haha

I'm rollin' down the streets on my 700C  
Takin walks 'round the neighborhood all the sides to see  
I'm rollin' down the streets on my 700C  
This whole life is a stay [?], all eyes are on me  
I'm rollin' down the streets on my 700C  
I don't give a flyin' fuck about you, that just too [?]

That's just too [?], that's just too [?]  
I'm just little old me, just a little old me  
Rollin' down the streets listening to my beats  
Sitting back, chillin' with no care or any means  
Scrollin' Facebook just to see the news feed  
Get me up to speed, while I keep movin' my feet  
No time to stop, no time to stop  
Let's enjoy this spot, enjoy this spot

I don't give a flyin' fuck, I do what I want  
Little weird white boy, [?] smashin' if it some  
Miss the buzz like beer to infinity and beyond  
And beyond, oh my God  
Yeah, I'm rollin' down the streets  
I got your girl, she's on my backseat  
Lookin' super sweet, but these days about to end  
Your girl, she came and win, I had a good time  
Fingers up, peace sign
