

# Divided We Crawl

Dot Dot Curve :)

Divided we fall  
Livin' in the belly of a monster  
This is what it cost  
Livin' in the belly of a monster  
Divided we crawl

I can't take this anymore  
There's so many differences  
I can't take this anymore  
There's so many differences  
I've broken all my promises  
I've broken all my promises

We want to be, alive and free  
We want to be

Divided we fall  
Livin' in the belly of a monster  
This is what it cost  
Livin' in the belly of a monster  
Divided we crawl

I can't take this anymore  
This is something you can't ignore  
I can't take this anymore  
This is something you can't ignore  
I've broken down all my walls  
I've broken down all my walls

We want to be, alive and free  
We want to be, divided we fall  
We want to be, alive and free  
We want to be, divided we fall  
We want to be, alive and free  
We want to be

Divided we fall  
Livin' in the belly of a monster  
This is what it cost  
Livin' in the belly of a monster  
Divided we crawl

We want to be, alive and free  
We want to be, alive and free  
We want to be, alive and free  
We want to be, alive and free
