

Ended This Way

Dot Dot Curve :)

Get crazy when the beat hits

I'll take you in my arms
And never let you go
(Never let you go, never let you go)
Cause the only thing that matters
Is this moment with you right now (Right now)
Well if I took you in my arms
Would you fall for me tonight (For me tonight)
Would this spell last forever
Or just end 12 oclock midnight
And I can hear your heart beating
All I want is for you to stay
In the end I was mistaken
For all the games that you played

It shouldn't have ended this way
(Oh, oh, yeah)
It shouldn't have ended this way
(Oh, oh, yeah)

We're at the club
And I can hardly see
(I can hardly see, I can hardly see)
You're across the floor
I hold my breath
It's kinda hard to believe (Believe)
My mind's playing tricks on me
And visions of you still haunt me (Still haunt me)
No matter where I go
The memory of us never leaves
And though my heart's still bleeding
I still count the days
'Til your right back in my arms someday...

It shouldn't have ended this way
(Oh, oh, yeah)
It shouldn't have ended this way
(Oh, oh, yeah)

She's my girl
I can't live without her
(I'm living on your desire)
She rocks, my world
She'll never be nothing without me
Without me...

Oh damn, there you go
Drop it down and get, get low
I've never seen you here before
Parties goin on for sure
Oh girl, it's you again
Look at you with all your friends
Gotcha staring through your lens
Dancing, moving til the end
I know I'm staring at ya, but boy you're staring too
Is this the way it happens, I really have no clue

I see your friends are talking, you see me with my crew
I'll grab your hand start walking, you tell me what to do
Boom smack feel the music
You know we gotta loose it
Get wild and just abuse it
Get crazy when the beat hits
Boom smack feel the music
You know we gotta loose it
Get wild and just abuse it
Get crazy, get crazy

It shouldn't have ended this way
(Oh, oh, yeah)
It shouldn't have ended this way
(Oh, oh, yeah)

She so cute the way
She rocks her shit
She rocks her shit
She rocks her shit
She so cute the way
She does it, does like this
Does it, does it like that
Does it, does it like that
Love to see her walk away
Love to see her walk away
Love to stare, at her stare, at her stare, at her
She's so fuckin cute, you know you wanna do
Don't fuckin lie to me, she's a fuckin beauty queen
She's delishis, delishis
I know you wanna taste her
Taste her, taste her
I know you wanna taste her
She's up top of her shit
Lookin good, lookin good
Tight jeans tight shirt
With them extensions

It shouldn't have ended this way
(Oh, oh, yeah)
It shouldn't have ended this way
(Oh, oh, yeah)
It shouldn't have ended this way
(Oh, oh, yeah)
It shouldn't have ended this way
(Oh, oh, yeah)
