

## Till the End

Dot Dot Curve :)

Let's go!

Take my heart and make it something, it's never been before  
Take my hands as long as you promise to stay with me till the end  
Till the end (Till the end!)

Cause I can't breathe without you  
Breathe without you  
Breathe without you  
Breathe without you

I can't breathe without you, everything you do for me I love it  
Looking exit, bacon in the morning, yeah, I love it  
And then we just jokin' how we watch cartoons  
On some sun up to moon, every afternoon

That's calls a heart attack, guarantee she knock you at your feet, for sure  
And she will never reck on anything she says, on anything she says  
Watch out for the beautiful life that hit the skies, that feels with lies  
Watch your heart when you're with her, when you're with her  
(Watch your heart when you're with her, watch your heart when you're with her!)

Cause I can't breathe without you  
Breathe without you  
Breathe without you  
Breathe without you

I cannot breathe without you!  
I cannot breathe without you!  
You're my everything, you're my everything  
I want you in my life, girl, please stay  
You're my everything, you're my everything  
I want you in my life, girl, please just stay  
There's the way you can't to fix that  
Cause I am up to sick and tired of reminiscing

Breathe without you!  
Breathe without you!  
Breathe without you!  
Breathe without you!
