

Vampire

Dot Dot Curve :)

Legendary ink, we word around the globe
Pink dolphin clothes got us word around the globe (Prepare to fight)
Bitch, we word around the globe, we word around the globe
Pink dolphin clothes got me heard around the globe

I'm all black in the party like the Matrix
I'm feelin' sexy 'cause I'm sharper than a blade, bitch
I'm the nigga you don't wanna play wit'
The wrong move will get you laid on the pavement
I'ma throw a party in my basement
With thirty bad bitches, all races and ages
Take my dick and spray it in their faces
They love it but I wonder why they say I am a rapist

I'm connected like a damn wire
All black in the club like a vampire
She's in love with a vampire
She don't wanna fuck with a vampire

I'm flyer than a jet, sittin' on sixes
One big room full of bad bitches
[?] in the air, probably flyin' like a pigeon
It's double-o-seven, I gotta complete the mission
And I'm big pimpin', I took her with precision
She wants me to cut her up like circumcision
Listen, all this shit I do is for the women
It's pink dolphin on me so I'm wet like I was swimmin', bitch

I'm connected like a damn wire
All black in the club like a vampire
She's in love with a vampire
She don't wanna fuck with a vampire
