

Apt Mess

Dot Hacker

You're a light in the dark
Trying so hard
Pretending I'm not
Following you everywhere

Feeling my breath on your neck with every little step you're sneaking

It's messy now, it was messy then
Still cause so much unrest
I'm always getting caught
With red hands
I don't want this anymore
I can't find the door
How'd we get so lost
Not fair

Try to take charge
Of the picture at large
Discover reaches that are far
Are far off

You make me laugh you apt mess you are cleaning to cover
Underneath the armor vulnerable the mark of something stronger

Sit in one place
I dare you
Doesn't matter why

We don't want this anymore
But we can't find the door
How'd we get so lost
Now we're not there

Try to take charge but the world's too large
If you reach is too far then is it really there

Whirlwind, spinning, don't miss the chance to discover
Why is my foot caught in this trap while you're still running

Sit in one place
I dare you
Sit in one place
I dare you
To enjoy your place
Sit in one place
I dare you
To enjoy your space
Does it matter why
