

Looking for a one to add to zero
Am I a leader or a hero?
What I need's a giant neon arrow.

Gotta buy you another lie to swallow
I say it again and again to follow
And you follow me down to the hollow...

Planting the seeds without reaching the top
Of this tree that only wants to be chopped
Im standing right where its gonna drop.

I wanted you to know
When in love, when are we ever done?
Its my time to go
Are all the complaints derived in words I have made?
I read you

Its a shame you've only seen that side of it
The others were vastly different.
Thanking you for every waking moment.

Try having a conversation these days,
Can you believe some of the shit people believe these days?
of angels and aliens...
I am an angel and an alien
I dare you to show me a difference.

I don't know where you go.
I know we're lost I don't belong here
I don't know where you go
I know I'm lost I don't belong here
Another way I roam

Scream one any oldis that you've got

All I know is we've only got one shot.

All this time alone...
All this time alone...
All this time alone...
All this time alone...
