

# I Can See

Dot Rotten

Change forever...  
Change forever...

I can see  
I can see  
And at last you will find the answers here  
I can see

Roll up, Roll up and thanks to those who showed up  
For being apart of the journey  
And paying me interest when I was no one  
I had darkness and no sun  
Had to go through it to grow up  
But look at me now, I'm blown up  
I want to hear everyone go nuts  
ARGHHH  
Wile out, if you don't know who I am by now  
The name's Dot, you ain't lost  
If you're in Myspace don't sign out  
Jump up, don't lie down  
You need answers, I hope you'll find out  
You can confide in me  
I'll be your eyes cause I can see

I can see (I started writing bars as a teen)  
I can see (This is like the start of the dream)  
And at last you will find the answers here  
(I have the answers, now at last I can see)  
I can see (It's feeling kinda hard to believe)  
I can see (On my path I can't be deceived)  
And at last you will find the answers here  
(I have the answers, now at last I can see)  
I can see

It feels like it's just me on my own here  
No one else just me on my lonesome  
Thats why the run when they see approaching  
That's right I said the answers here  
Real soon you'll see the answers clear  
The rest just can't compare  
I'm the one that came from nothing to something  
When I noticed that my chance was near  
I was blind, now I can see  
Most of the games fake, minus me  
I ain't concerned with lies and greed  
Thats why they want to silence me  
Do you not want to promote Righteous Speech  
Brain washed the nation, minds are weak  
But you can confide in me  
I'll be your eyes cause I can see

I can see (I started writing bars as a teen)  
I can see (This is like the start of the dream)  
And at last you will find the answers here  
(I have the answers, now at last I can see)  
I can see (It's feeling kinda hard to believe)  
I can see (On my path I can't be deceived)

And at last you will find the answers here  
(I have the answers, now at last I can see)  
I can see

I been working  
Waiting for this moment  
Got my eyes focused on the goal  
No opponents  
And I will win  
Holding something golden  
Victory I smell it  
Cause the door, I bus it open  
Now I'm here  
This moment feels timeless  
Even though my hours near  
I'll give you the best of my ability  
I swear  
So put your hands together and wave em without a care  
You can confide in me  
I'll be your eyes cause I can see

I can see (I started writing bars as a teen)  
I can see (This is like the start of the dream)  
And at last you will find the answers here  
(I have the answers, now at last I can see)  
I can see (It's feeling kinda hard to believe)  
I can see (On my path I can't be deceived)  
And at last you will find the answers here  
(I have the answers, now at last I can see)  
I can see  
I can see  
And at last you will find the answers here
