

## Didn't I

Dottie West

Didn't I try hard enough to understand your ways  
Didn't I stay strong enough through all our stormy days  
Like I'd be clinging to our little house so close were you and  
I  
Then came the day you just walked away and I lost you didn't I  
Didn't I kiss you often enough didn't I hold you tight  
And didn't I say I love you each time we kissed goodnight  
Darling please tell me what I didn't do cause I tried so hard t  
o make you see  
But above everything in this world you were all that was meant  
for me  
And you know I've thought I was all that you wanted in fact you  
've told me so  
But I guess I failed somewhere along the way and just where I'd  
give my life to know  
Like I'd be clinging to our little house so close were you and  
I  
Then came the day you just walked away and I lost you didn't I
