No One To Cry To

Dottie West

No one to cry to no one to kiss goodnight no one to tell my troubles to
No one to sigh to no one to hold me tight no one to cheer me when I'm blue
I go home to my lonely room and find there's no one there
And each night I think of you please answer this one prayer
And give me someone to cry to someone to say I do someone to whisper I love you
(No one to cry to)

(No one to tell my troubles to)
I go home to my lonely room and find there's no one there
And each night I beg of you please answer this one prayer
Someone to cry to someone to say I do someone to whisper I love you
(No one to cry to)
