

# Age

Doug E. Fresh

Yo, what's good y'all  
This is Doug E. Fresh and my man Chris Gees  
And we want the grown and sexy to report to the dance floor please

I seen you grow from a cutie  
To a full fledge beauty  
Since day one  
Baby you still do it to me

Now just like fine wine  
You're better wit' time  
You look as beautiful as you did in your prime

This is not just a rhyme  
And you know I'm  
Know to spit facts, opposites attract  
To the grown and sexy  
Where my pretty girls at

Happy birthday baby  
Yeah  
(Yeah, c'mon)  
Another year you dun got younger  
(Huh, huh, huh, huh, c'mon)  
I know it's starting to bother you  
(That's right)  
But every time I see you  
I'm like so what  
(Still sexy, still sexy)

So what you gotta wrinkle  
So what you gotta stretch mark  
(Say what)  
So what you wear a girdle  
Real men be like, and what

As you get older, you will get bolder  
But until then  
(That's right)  
Imma get closer, closer and closer and then

Imma say to ya girl  
(C'mon)

Don't be shy, cuz  
Don't be shy  
Girl ya doin' that thing right there  
Girl ya doin' that thing right there  
(Put ya hands in the air)

Age ain't nothing but a number (It ain't nothing but a)  
(C'mon, c'mon)  
And some of these young girls could take lessons from you (From you)  
(Where my pretty girls at)  
Age ain't nothing but a number  
(Grown and sexy)  
And I hope that these young girls will look as good as you

Take a look into the mirror  
(C'mon, c'mon)  
And tell me exactly what ya see  
(Lookin' good, baby)  
Cuz I see someone who's beautiful  
What a real woman should be  
(Real woman, c'mon)

So what you gotta wrinkle  
(Say what)  
So what you gotta stretch mark  
(Tell 'em)  
So what you wear a girdle  
(And?)  
Real men be like, and what

As you get older, you will get bolder  
But until then  
(Say what, say what)  
Imma get closer, closer and closer and then

Imma say to ya girl

Keep ya head high, keep ya head high, cuz  
(That's right, that's right)  
Girl ya doin' that thing right there  
(All the grown and sexy put your drinks in the air)

Age ain't nothing but a number  
(I see you, c'mon)  
And some of these young girls could take lessons from you, you  
(Let's go, c'mon)  
Age ain't nothing but a number  
(Uh, c'mon)  
And I hope that these young girls will look as good as you

Yo, let me tell ya  
Mr. Fresh is dat cat  
Dat stay fresh, greyless  
As long as ya keepin' it sexy or ageless  
And only the strong survive  
So stay blessed  
Chris Gees sing it to 'em for me please

When they get your age (Your age, your age)  
(Keep it goin')  
When they get your age  
(Keep it goin' baby)  
When they get your age  
30 ain't betta  
40 ain't betta  
50 ain't betta  
When they get your age  
60 ain't betta  
Sexy as eva  
Good Lord
