

Oh Moon

Doug Stone

Shining down on the water
Like a yellow ripple road
Leading me straight to her
Oh Moon
You made it clear
The path to follow
Showed me the way to go
And I'd like to thank you sir
Oh Moon

I was alone I had no earthly way of knowing
What was there for me underneath the sky above
How was I to know?
Until you showed up and shed a little different light on what w
as missing
Now she's in my arms, I know I owe it all to you
Oh Moon

You and the stars must've been wishing
I'd finally come around
You knew she was the one
Didn't you?
The door to her heart was standing open
Though I can see it now
It took you to pull me through
Oh Moon

I was alone I had no earthy way of knowing
What was there for me underneath the sky above
How was I to know?
Until you showed up and shed a little different light on what w
as missing
Now she's in my arms I know I owe it all to you
Oh Moon

Oh Moon

Yeah the wish I made
Must've been right
Here you are in my arms tonight
