

# Bubble Bath Freestyle

Dounia

I need new bubble bath dreams  
With deep breaths and rich lather  
I'm just having fun with it, but fuck it I'll go faster  
Fuck it I'll go faster  
Fuck it I'll go faster  
I'm just having fun with it, but fuck it I'll go faster

Baby I don't care to fight  
End of day it's something light  
Telepathic on this flight  
We can meditate it out

Baby, I'm just sick of talking  
Can you feel my vibe  
I been on my own high  
Plus some marijuana clouds

Yeah, I filled too many gaps  
Now I'm filling too many gaps  
Built you up million feet high  
By the time I saw what it was  
A surprise

And I see heartbreak what I wake up me  
And damn that shit feel lovely  
I'm my own dream girl  
In her own dream world  
All this sauce got a bitch still bubbly  
Yeah I seen heartbreak what I wake up me  
And damn that shit feel lovely  
I'm my own dream girl  
In her own dream world  
All this sauce got a bitch so bubbly

Yeah the pain just add to deeper solace  
So break my heart, I don't mind, I promise  
You can cap all day, but I know what the vibe is  
Goddess, even though I can't claim flawless  
Up until the AM  
'Cause my thoughts chaotic  
Might not be your type  
Aight bae I got it

Too many gaps  
I built you up a million feet high  
By the time I saw what it was  
I was surprised, I was surprised  
Too many gaps filled in  
I saw so much shyne  
And still I just don't take it back, yeah  
No regrets, 'cause a shorty too fly

Always new love, always hoping I don't wreck it  
My love is a trip, feeling me is psychedelic  
Depths of ya soul, I can see it in your eyes  
Hear it in your voice, hear the truth and hear the lies  
There's a reason that this flow borderline nuts

My love is so soft, yet somehow it always cuts

You can't get genius without some crazy  
You can't try to tell me you don't love me baby  
I might've felt all your pain  
I might've went a little insane  
I might've felt all your pain  
I might've went a little insane

Got a phone call, late night  
It felt nice  
I really liked it  
Ain't afraid to hit my line  
And I really liked it  
He prolly ain't know I  
Needed the convo  
I been alone jus rolling up indo  
Ain't afraid to hit my line  
And I really liked it

All I wanted to do was give you shyne  
Give you all the sauce  
That I could supply  
Show you what it's like  
All I wanted to do was give you shyne  
Give you all the sauce  
That I could supply  
But it's fine

Walls so high  
Baby you so tough  
I'm so soft  
Mais c'est pas grave  
I don't really mind it  
I don't really mind it  
Walls so high  
Baby you so tough  
I'm so soft  
Mais c'est pas grave  
I don't really mind it  
No I think I like it

I ain't even mean to, eyes glued  
I'm a gem  
I can never really lose  
I ain't even mean to  
Cry it out, bubble baths  
Bigger beast when I'm back  
I ain't worried bout a bag  
I'm the bag, there's that  
I ain't even mean to, got their eyes glued  
Shorty I'm a gem  
I can never really lose
