

Can't Trust U

Dounia

I can't trust you with my heart
That's not smart
That's not smart
Haven't proved yourself yet
I'm a gem, can't let you in
Gotta show me that you care
If you dare, if you dare
I can't trust you with my heart
That's not smart
That's not smart

Try not to cry real tears
Embrace my desires
Maintain my warm without you here
Heal my own heart, you disappear
Roll your dices, pick your vices
Touch me like it's guaranteed
I know I'm fleeting
Don't need reminding
Wanna get treated like I'm here

I can't trust you with my heart
That's not smart
That's not smart
Haven't proved yourself yet
I'm a gem, can't let you in
Gotta show me that you care
If you dare, if you dare
I can't trust you with my heart
That's not smart
That's not smart

Don't know if I'm too safe
Peel my coat like caution tape
Wish I'd leave without a trace
But I know you'll remember this

I can't trust you with my heart
That's not smart
That's not smart
Haven't proved yourself yet
I'm a gem, can't let you in
Gotta show me that you care
If you dare, if you dare
I can't trust you with my heart
That's not smart
That's not smart...

Can't let you in...

Can't trust you
