

# DISTRACTED

Dounia

Guess you got a girl now  
Said you couldn't wait  
To be honest  
I'm on it  
I'm glad you didn't, bae  
Said you gave your all and I fell short  
If you caught me like last summer, that's a line I could've fell for

I don't gotta sleep, I'll just stay out  
I'll see how you and her play out  
She's a good girl, I might be too distracted  
It's a cold world and this ending's a classic

Bae, I've got bags I gotta have  
Bae, I find love like on every coast  
That's my bad  
Bae, I'm not me when I feel confined  
Bae, I can't breathe if I cannot go book a flight

Wake up in a different time zone  
With a different mindset  
Skinny dipping in the tropics  
Don't know what these guys meant

Love, don't like me 'cause I'm so defined  
Fuck it, at least, these avenues of income are multiplying  
You want this to be like the movies  
Where I do the most to figure you out until I lose me

Bae, I've got bags I gotta have  
Bae, I find love like on every coast  
That's my bad  
Bae, I'm not me when I feel confined  
Bae, I can't breathe if I cannot go book a flight
