

Hard Candy

Dounia

You say I'm hard to please
I book my flight back to Queens
That ain't the shit I need
That ain't the energy
Goofy, you tryna mask
That loving me feel like a task
You unhappy, I don't have to ask
But that ain't the energy
That ain't the energy, that ain't the energy

Don't do protocol, they can't stand me
Sweet and difficult, I'm hard candy
What you in it for? I'll step back if
It ain't the energy
It ain't the energy
If it ain't the energy

'Cause I'm outlandish, I'm outstanding
Already planning where to pour these bands in
Out-risking, I'm out-ranking
I'm out dancing so he feel abandoned
You still wack with a boatload of cash behind
I'm the type of fly money cannot buy
Still wack, you still wack
I'm outlandish, I'm outstanding

Wanna vibe, get right with a fly girl
Know you down for the ride w a fly girl
Poor you, I'm so resourceful
Write songs, you mad, oh how adorable
Poor you, I'm so resourceful
Write songs, you mad, oh how adorable

But I don't do protocol, they can't stand me
Sweet and difficult, I'm hard candy
What you in it for? I'll step back if
It ain't the energy
If this ain't the energy
If it ain't the energy

Yeah-yeah, yeah-yeah, yeah-yeah
Yeah-yeah, yeah-yeah, yeah-yeah

He just tryna get high, I'm tryna see the lows
I've been on my grind, I'm tryna watch this shit blow
They tried to make me cold, shordey, you don't even know
Yeah-yeah
He just tryna get high, I'm tryna see the lows
I've been on my grind, I'm tryna watch this shit blow
They tried to make me cold, shordey, you don't even know
Yeah-yeah

You say that I'm hard to please
So I book that flight back to Queens
'Cause that ain't the shit I need
That ain't the energy, the energy
That ain't the shit I need

That ain't the
That ain't the shit I need
That ain't the energy
