

High As Heaven

Dounia

Plant medicine
I'm tuning in yeah
Breathing in
Spreading my wings
Light a J, yeah
Come kick it, okay, yeah
Messed it up, I'm off you
Ain't something to talk through

Baby, it's deaded, deaded
Hope you could forget it, get it
Went outside and met a cutie
He might just get it, get it
I just stretched and made a movie
I'm high as heaven, heaven
Plant medicine
High as heaven

Bad as fuck
Know you want my love, yeah
Hit you up
Like baby, what's up, yeah
Find a way
Till we fly away
Fly away
Know you wanna play

Plant medicine
I'm tuning in yeah
Breathing in
Spreading my wings
Light a J, yeah
Come kick it, okay, yeah
Messed it up, I'm off you
Ain't something to talk through

Hit this L, I'm getting downloads
Chilling bae, don't need no inspo
I'm just good off of this indo
In my workflow getting blissful

Bad as fuck
Know you want my love, yeah
Hit you up
Like baby, what's up, yeah
Find a way
Till we fly away
Fly away
Know you wanna play
