

# Kinda Fun

Dounia

I been in my zone, call you when I'm done  
'Cause sometimes I get bored and boys are kinda fun  
On the tip of my tongue, but you'll think what you want  
'Cause sometimes I get bored and girls are kinda fun

Loosen up  
You don't gotta act like I'm regular  
You don't gotta act like this regular  
I know it ain't  
Dirty talking on the phone  
Show you pictures I could paint  
She an angel  
And she know how to entertain

Got it all, got me on the cusp of lust and love  
You the type of girl that I been dreaming of  
Got you dancing on my bed  
Got you dancing in my head  
Babygirl that boy a dub  
You already over it

Got exotic getaways I can introduce  
I just made like 30 bands, spend it all on you  
All this cockiness, I move like it's simple truth  
'Cause it is, and I'm loving the ideas you suggesting

You wanna light up, you wanna vibe out  
Wanna show me silhouette  
Wearing nothing but this red light  
Light up, you wanna vibe out  
Peaking all my interest  
Wanna get acquainted

Thick bodied, pretty face  
You inspire, I confess  
And I'm loving the ideas you suggest

Thick bodied, pretty face  
You inspire, I confess  
And I'm loving the ideas you suggest

Though it's not that deep  
We can pretend  
Though it's not that deep  
We can pretend  
Though it's not that deep  
We can pretend  
Though it's not that deep  
We can pretend  
(We can pretend)

I been in my zone, call you when I'm done  
'Cause sometimes I get bored and boys are kinda fun  
On the tip of my tongue, but you'll think what you want  
'Cause sometimes I get bored and girls are kinda fun

Kinda fun fun fun

Kinda fun fun fun  
Kinda fun fun fun
