

# LAVENDER

Dounia

Lavender sheets

Lavender sheets and a floating bed  
Not to be a freak but make me beg  
Make me beg  
Make me—  
Lavender sheets and a floating bed  
Not to be a freak but make me beg  
Make me beg  
Make me—

Feel me, feel me out  
Find the parts you like and fill me in  
And the sex is psychedelic  
Close my eyes after, I'm seeing colors, vivid  
Hypnotic images, hypnotic images  
Hypnotic images, mmh

Teach me how to talk less  
Let's fuck around in this tie-dye sundress  
Speak in me till I got like a world unspoken  
Let's hurry up, fall in love 'fore the world end  
Teach me how to talk less  
Let's fuck around in this tie-dye sundress  
Show a girl just how much your devoted  
Let's hurry up, fall in love 'fore the world end

Lavender sheets and a floating bed  
Not to be a freak but make me beg  
Make me beg  
Make me—  
Lavender sheets and a floating bed  
Not to be a freak but you make me, mmh  
But you make me, uh

Feel me, feel me out  
Find the parts you like and fill me in  
And the sex is psychedelic  
And the sex is psychedelic  
Close my eyes after, I'm seeing colors, vivid  
Hypnotic images, hypnotic images  
Hypnotic images

Speak up, what you really mean  
Tell me that it's better than your wildest dreams  
Becoming who I want but I can't skip steps  
Still have flaws but I feel so blessed  
Cozy up, brand new mentalities  
Kill 'em all, brand new fatalities  
Really loving who I am, who I'm bout to be  
Tell me, daddy, are you proud of me?

Lavender sheets and a floating bed  
Not to be a freak but make me beg  
Make me beg  
Make me—  
Lavender sheets and a floating bed

Not to be a freak but you make me  
But you make me
