

Mint Tea Freestyle

Dounia

If love a game, we could both be winners
I been called selfish, promise I'm a giver
With this S on my chest, can't rest, go figure
There's nothing to test, I expressed my limits

I'd be more demure if I laughed less often
But life so fun and today I feel awesome
Caring what they think just never been an option
I been tuned out so I barely hear 'em talking
A lot of sacrifice, but it added
I'm at least twice as nice with the craft
I don't wanna sleep tonight, just wanna
Feed me all the questions that you wanna ask

Make you some mint tea
'Till you're saying enty habibti
Am I bugging or are we in sync?
Only want us to follow instinct

It could all be fun, fun
Let's lock eyes till you see paradise
It could all be fun, fun
Never let lame shorties tell you otherwise
It could all be fun, fun
Let's lock eyes till you see paradise
It could all be fun fun
It could all be...

Fun fun
Let's lock eyes till you see paradise, yeah
It could all be fun fun
And never let lame shorties tell you otherwise
It could all be fun fun
Life but a dream
Let you indulge in the art of me
It could all be...

Said I'd go to Bali this winter
Found Bali inside me this winter
I been staying in, maybe roll an L, can't lie
I've never felt more centered
Said I'd go to Bali this winter
I found Bali inside me this winter
I been giving in to divine desire
'Less I give a fuck, more I'm inspired

You got a crush, crush, let me treat it
I been moving like I got a secret
Come, come close, don't you wanna hear it?
Piece of my heart, here, souvenir it
You got a crush, how cute, come kiss
It's no coincidence, I never miss
I'm intrigued to see how this energy mix
You got a crush, how cute, come kiss

Make you some mint tea
'Till you're saying enty habibti

Enty habibti, enty habibti
Make you some mint tea
'Till you're saying enty habibti
Am I bugging or are we in sync?
Only want us to follow instinct

It could all be fun, fun
So let's lock eyes till you see paradise
It could all be fun, fun
And never let lame shorties tell you otherwise
It could all be fun, fun
Let's lock eyes till you see paradise
Till you see paradise, yeah
Till you see paradise, yeah
