

MISTAKES

Dounia

I think you're really cool and I don't feel like pretending
Pretty sure I heard it all like who you think you think you off
ending?

Yeah, after careful assessing I know you got pure intentions
But I just think I'm really cool so sometimes I get defensive

Slept on me 'cause they ain't see where I was heading
Well, I'm the one steering and I got spotless perception
Thought that we was gonna vibe but I blocked, sabotaged it
God saw you moving shady, yeah, I know that he clocked it

My mistakes are perfect, too
Fuck the noise 'cause it's all simple
My mistakes are perfect, too
So smooth, almost don't make sense
But it do 'cause it's all God's plan
Me winning is how it ends

You can't miss when your soul is the hit
Said they'd chill with the flex but they cannot resist
Reckless, yes, I chase every risk
My reward is the art, it go hard, passionate
Do you really think I woulda opened up like that
If I ain't know for a fact that I'm that bitch
Ever lover I attract show me parts of my soul
Light me up even more than the last, look at that

Wish the people who don't like me just don't listen to my shit
Even they know I'm the hardest out, it is what it is
You concerned bout my L's, bitch please get a life
Nobody above you, no you just lit as I
So go somewhere (shorty and) do something, yeah-yeah
So shorty just go somewhere
Wish the people who don't like me just don't listen to my shit
Even they know I'm the hardest out, it is what it is, yeah

My mistakes are perfect, too
Fuck the noise 'cause it's all simple
My mistakes are perfect, too
So smooth, almost don't make sense
But it do 'cause it's all God's plan
Me winning is how it ends
