

Priceless

Dounia

I like when I make you nervous
When you're losing your purpose mid conversation 'cause you're just waitin'
for me to lean in
I like when you lose your focus
When you think I don't notice, when you're this close it's, hard to ignore
Your breath becomes short
Come in like sure, I'll stick around, but don't make a sound no don't make a
sound
Sure, I'll hang around but don't make a sound, I think I just found my

Mind in silence
I think I just found my
Mind in silence
I finally found my

Mind in silence
I'm young but I feel timeless
I'm broke but I feel priceless
Priceless
Life is trifling
Awake but you feel lifeless
I'm broke but I feel priceless, priceless

Yeah I feel so priceless
I feel so damn priceless

I gawk at ya overalls and your supreme tee underneath it all and the shit yo
u chief in the pocket of, in the pocket of
Yeah I like your steez and when you take it off
I love to see all the layers of you
You ain't no soft serve more like a hard scoop but I still like you
I stall so you won't leave 'cause when you leave, that's when I grieve
But you'll never know know, you'll never know know
I found my mind so I don't feel so low low

Mind in silence
I'm young but I feel timeless
I'm broke but I feel priceless
Priceless
Life is trifling
Awake but you feel lifeless
I'm broke but I feel priceless, priceless

Yeah I'm so damn priceless, so damn timeless, call himself a dog but he aski
ng me to wife him, asking me to wife him
Yeah he asking me to wife him
I don't care about no clout
Make a name for myself, I don't need no help
No help
Fuck a clout

You can do your own thing, sweet thing, I'll do mine and you can fake flex i
f you have the time
But I'd rather spend mine speeding up my drive like vroom vroom, so soon
Yeah I gotta leave, yeah I gotta head out
Excuse me, so rude, but I think I found my

Mind in silence
I'm young but I feel timeless
I'm broke but I feel priceless
Priceless
Life is trifling
Awake but you feel lifeless
I'm broke but I feel priceless, priceless
