

PROP (INTERLUDE)

Dounia

You were supposed to
Love the fuck outta me
Bitch are you stupid?
You were supposed to
Love the fuck outta me
Bitch are you stupid?
That's how it's supposed to go
Didn't choose this life, this life chose me
What's there to do?
And many know of but nobody knows me
So they just assume
Yeah-yeah, yeah-yeah

I guess you more about the clout
I guess you more about the parts of you
That you don't say out loud
I know I just got here
But I think I'm boutta bounce, bounce, bounce
Dounia, teach you how to pronounce
It's your favorite sound now

Too unique, can't be out-done
How fun
You mad, what's that about?
(What's that about?)
Was tryna see you like a human, no
Not a prop, you a prop
How I make savage soothing
Why you listen every time that I drop?
Tryna see you like a human
Not a prop, 'cause you a prop
How I make savage soothing
How you hating but you listen
Every time that I drop
