Fresh air, do you feel brand new bae?

Of course you think I'm your soulmate
I got all this soul bae
You know it get too deep
With a girl like me
Might as well stay away

If you not tryna fall, fall, fall
Only ever fall, fall, fall
Not tryna fall, fall, fall, just stay away
If you not tryna fall, fall, fall

Not tryna fall, fall, fall, just stay away

Wonder if you know the weight of the energy
