

Blind Man's Bluff

Douwe Bob

Well I used the pick hand that I needed
And I went from town to town
Reading cards and laying dice
When I needed love I never paid the asking price
Oh, oh no
You got me in this game that I can't win, no, no
Call me a junkie but I need your stuff
Man, I love this blind man's bluff
Well I used to break the hearts of those who loved me
From the moment you put me the blindfold on, you made me see
Cause girl I dreamt and I dreamt and I woke up in your dream
Baby oversigning got me caught up in your sorrow, yeah
Oh, oh no
You got me in this game that I can't win, no no
Call me a junkie but I need your stuff
Man, I love this blind man's bluff
You got me blindfolded
You made me see the light
But I need your sweet, sweet stuff
You got me blindfolded
You made me see the light
And I need your sweet, sweet stuff
You got me blindfolded
Baby, you got me on my knees
I need your sweet, sweet stuff
You got me blindfolded
I need your sweet, sweet stuff
You made me see the light
And I need your sweet, sweet stuff
