

Can't Slow Down

Douwe Bob

Gone are the days that I would keep it all in
My momma taught me only fools rush in
My eyes deceive me and my mind's running wild
And I'm like a child

I can't slow down when I'm falling
I can't slow down now I'm falling
Can't slow down when I'm falling
In love with you

My friends are all so cynical
Think it's wrong
But I've been stuck in second gear
For too long
I put my pedal to the floor
Hope you don't mind
And I'm like a child

I can't slow down when I'm falling
I can't slow down now I'm falling
Can't slow down when I'm falling
In love with you

You think that I'd learn
All the times I get burnt

I can't slow down when I'm falling
I can't slow down now I'm falling
Can't slow down when I'm falling

I can't slow down when I'm falling
I can't slow down now I'm falling
I can't slow down when I'm falling
In love with you
