It Ain’t Easy

Douwe Bob

It’s hard for me to see you falling
You used to be one jump ahead
But you came too close to the fire
And now the flames mess with your head

It ain’t easy
It ain’t easy
It ain’t easy
But I’m on your side

A one-armed bandit can do you favors
But he will never be your friend
You thought your full house was a winner
But then you saw the other hand

It ain’t easy
It ain’t easy
It ain’t easy
But I’m on your side
It ain’t easy
It ain’t easy
It ain’t easy
But I’m on your side

The wind can blow in each direction
But it can always be a friend
Piano man, don’t be a stranger
I'd love to see your face again

It ain’t easy
It ain’t easy
It ain’t easy
But I’m on your side
It ain’t easy
It ain’t easy
It ain’t easy
But I’m on your side
