

Season Of Your Dreams

Douwe Bob

There's a sunrise
Deep in your eyes
How the time flies
Oh, it's gonna be a good day
Such a hot day
In a good way
Oh, and everything's alright

And the sun up in the sky
Makes your heart light shine

Oh, it's gonna be
The season of your dreams
Above the clouds is where you'll see
When you look me in my eyes
That everything's alright
The sun up in the sky
Makes your heart light shine

It's a great view
Dancing with you
There's no one who
Can take my breath like you can
Holding your hand
In the white sand
Oh, you make feel alive

And the moon up in the sky
Makes your heart light shine

Oh, it's gonna be
The season of your dreams
Above the clouds is where you'll see
When you look me in my eyes
That everything's alright
The sun up in the sky
Makes your heart light shine

Makes your heart light shine
Baby I love you

Oh, it's gonna be
The season of your dreams
Above the clouds is where you'll see
When you look me in my eyes
That everything's alright
The season of your dreams

Above the clouds is where you'll see
When you look me in my eyes
That everything's alright
That everything's alright

The season of your dreams
Above the clouds is where you'll see
It's gonna be alright babe
When you look me in my eyes

Everything's alright, yeah
The season, the season of your dreams
The season, season of your dreams
Above the clouds is where you'll see
Yeah yeah
When you look me in my eyes
Season of your dreams...
