

# Settle Down

Douwe Bob

I've got a heart that calls for the city  
Where the stakes are high and it's gritty  
I got a heart that calls me twenty times a day  
I got a guy with a good connection  
I know a girl she's dying for action  
I wanna feel, I wanna hold, I wanna go

Settle down  
Settle down  
Settle down  
Settle down

I'm gonna push this thing to the limit  
I've got 61 to a minute  
And I fall in love about twenty times a day  
I got all I need in my jacket  
I could be anywhere in a second  
I'm all shook up and I'm coming after you

Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down

The field is green  
All of the fields are green  
Come see us  
Hear the wind blow through the trees  
The air is clean  
But I've got a heart that calls for the city

Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down

I've got a feeling I can't get out  
I've got a feeling I can't get out  
I've got a feeling I can't get out  
Oh no  
I've got a feeling I can't get out  
I've got a feeling I can't get out  
I've got a feeling I can't get out  
Oh no  
I've got a feeling I can't get out  
I've got a feeling I can't get out  
I've got a feeling I can't get out  
Oh no  
I've got a feeling I can't get out

I've got a feeling I can't get out  
I've got a feeling I can't get out  
Oh no

Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down  
Settle down
