

# When The Road Is Rough

Douwe Bob

Funny how life works  
One moment it's fireworks  
The next it blows up in your face  
Crazy how time flies  
One moment it's sunrise  
The next it's the dusk of the day

Today might be sunshine  
But tomorrow is rain  
Cause things only last for so long  
When waters get troubled  
And times, they get cold  
I hope you find warmth in this song

When the road is rough  
And the going gets tough  
And it feels like your heart  
Has just had enough  
And all of their words are weighing you down  
Give 'em a smile, and turn your head around  
Cause when you feel lost, too lost to be found  
That's when my love  
My love comes around

Crazy how love goes.  
You're tired and your hearts broke  
But like a fool you get 'n try again  
And it feels like the same old  
You're digging to strike gold  
But you end up with diamonds instead

When the road is rough  
And the going gets tough  
And it feels like your heart  
Has just had enough  
And all of their words are weighing you down  
Give 'em a smile, and turn your head around  
Cause when you feel lost, too lost to be found  
That's when my love  
My love comes around

Yeah

Oh that's when my love comes around

My love  
My loves comes around

Yeah
