

You Got Me

Douwe Bob

Another night, a different town
A hotel room, where are you now?
I'm all right, guess I'm all right
The icebox making noise outside
The flicker of a neon light, it's all right
In the morning I'll be gone, gone, gone

The road might be long, but I know just where to go
I'm coming home 'cause you got me missing home, you got me
And I count my lucky stars 'cause I know just where you are
I'm coming home 'cause you got me missing home
You are where I belong
You are where I belong
You are where I belong, mm

Running out of gasoline
A thousand miles in front of me
It's all right, baby, it's all right
A trail of dust, the empty road
The moon lights up, the fields of gold, it's all right
'Cause tomorrow I'll be home, home, home

The road might be long, but I know just where to go
I'm coming home 'cause you got me missing home, you got me
And I count my lucky stars 'cause I know just where you are
I'm coming home 'cause you got me missing home
You are where I belong
You are where I belong
You are where I belong

Ooh, oh, oh
I'm coming home
I'm coming home
Oh, ooh
You are where I belong
