

Dove Cameron and Ryan McCartan - Make you stay

Dove Cameron

I'd sing acapella
in the rain.
Let the whole think
I've gone insane
Give you all my money,
and my name.

Nothing I wouldn't do,
Nothing I wouldn't do.

When I'm crazy
and I don't know why.
Won't you calm me down
and read my mind?
But you still send shivers down my spine.

Nothing I wouldn't do,
Nothing I wouldn't do.

We could be,
We could be anything tonight,
just tell me everything you like.
Can't you see,
We could something if we tried,
just tell me how to make you mine.

What've I gotta do to make you,
What've I gotta do to make you,
What've I gotta do to make you,
Stay-ay-ay-ay-ay-ay (2x)

I would break the laws of gravity,
Killing for you in the first degree
Shut the world out when you
need to breathe.

Nothing I wouldn't do,
Nothing I wouldn't do.

We could be,
We could be anything tonight,
just tell me everything you like.
Can't you see,
We could something if we tried,
just tell me how to make you mine.

What've I gotta do to make you,
What've I gotta do to make you,
What've I gotta do to make you,
Stay-ay-ay-ay-ay-ay (2x)

Stay-ay-ay-ay-ay-ay-ay
Cause I've never known love like this,
never known love like this.
Stay-ay-ay-ay-ay-ay-ay.

We could be,

We could be anything tonight,
just tell me everything you like.
Can't you see,
We could something if we tried,
just tell me how to make you mine.

What've I gotta do to make you,
What've I gotta do to make you,
What've I gotta do to make you,
Stay-ay-ay-ay-ay-ay (2x)
