

Cold Dreaming

Doves

God knows it ain't easy
But I can't live my days in fear
Just give me hope so I can walk away
So I can walk away from here

So here comes the summer
And I need to make my move from here

My cold dreaming
Letters left on the line
This cold dreaming
I left myself behind

Oh just give me some strength now
Give me the strength I need to forgive

Oh here comes the summer
And I don't feel the same way anymore
Anymore

My cold dreaming
Letters left on the line
This cold dreaming
I left myself behind

Cold dreaming
Letters on the line
I left myself behind
Cold dreaming's mine
Cold dreaming
