

## Far From Grace

Doves

If you should fall  
If you should fall  
far from grace

If you should call  
on him  
wake up to the music again  
you can feel sunlight  
in your eyes

living is so useless 'round here  
the city's so dangerous  
on your own

how beauty dies young

but if you should fall  
oh, if you should flow  
from grace  
how beauty  
beauty fades

if you should fold  
if you should fail  
far from grace  
far from grace

oh, oh beauty  
you could know
