

## **Karen**

**Doves**

I see you found your soulmate  
Well what did he do before  
I see you found your precious  
He's the gift that's been brought to your door  
You say that I'll always be special  
Tell me now, what does that mean?  
I feel I've been cast as a villain  
Well tell me now, how could that be?  
Karen, how can you be so mean?  
Oh, Karen, how can you be so mean?
