

## Your Shadow Lay Across My Life

Doves

Back, I'm back in town  
In which we're stuck, I couldn't get out  
And that old man, will soon be us  
Now if we're too late  
Not if we can't escape

All of my time,  
you were on my mind  
And all of my thoughts,  
you're so hard to find

And your shadow, it lay across his life

Time, a time in the past  
We couldn't care less, wanted to live fast  
And our old house, I can't find  
'Cause it ain't there  
'Cause it ain't there, it's gone  
All of my time,  
you were on my mind  
And all of my love,  
you're so hard to find

And your shadow, it lay across my life, my life
